The Story of My Life - 1903 by Helen Keller (unabridged edition)

Note: Teachers are advised to:

- encourage classroom interaction among peers, students and teachers through activities such as role play, group work etc.
- reduce teacher-talking time and keep it to the minimum,
- take up questions for discussion to encourage pupils to participate and to marshal their ideas and express and defend their views, and
- use the performance descriptors scale for conversation skills to test the students for continuous assessment.

Besides measuring attainment, texts serve the dual purpose of diagnosing mistakes and areas of non-learning. To make evaluation a true index of learners' attainment, each language skill is to be assessed through a judicious mixture of different types of questions. In addition to the summative tests, formative assessment is essential to measure the level of attainment in the four language skills and the learners' communicative competence. Formative assessment should be done through 'in class' activities throughout the year.

Reading Section: Reading for comprehension, critical evaluation, inference and analysis are skills to be tested in Formative as well as Summative assessments.\

Writing Section: All types of short and extended writing tasks will be dealt with in both I and II Terms in both Formative as well as in Summative Assessments.

Grammar: Grammar items mentioned in the syllabus will be taught and assessed formatively over a period of time. There will be no division of syllabus for Grammar in the Summative Assessment for the two terms.

Since the introduction of Assessment of Speaking and Listening Skills (ASL) in classes IX and X, it has become imperative to carry out speaking and listening activities in regular classroom teaching.
